Rosie and Emily

Acknowledgments

Firstly, we would like to acknowledge the efforts of the hundreds of participants who have taken part in programs using the *One Bite at a Time* approach. Their generous feedback, comments and suggestions helped shape *One Bite at a Time*. We are constantly inspired by what front-line staff and their leaders can do if they are simply given the opportunity.

To our clients who have had enough faith in the approach to let us loose on their employees. To our numerous friends, colleagues and family members who provided valuable feedback. To Heather Kelly for her mastery of the written word and for her many suggestions on how we could improve the prose.

And finally, to our wives, Judi and Karen, and our daughters for putting up with the weird and wonderful hours needed to pull a project like this together.

Contents
